1991

*was a tough year for many of
our friends and associates.*

*Hopefully, 1992 will be
brighter. It is particularly
important in times like these
to be innovative, daring and
to keep looking for
opportunities instead of
dwelling on the
negatives.*

*We would like to wish you
and your families a joyous
holiday season and
a healthy, happy, prosperous
New Year.*

Susan & Ray*

DEERPATH OFFICE BUILDING ADDITION

Lake Bluff, Illinois

Photo: Bob McKeenfricks

Dr. David Schimel needed to double the size of the building we designed for him four years ago. So in order to work with the tight site and very symmetrical original building, we developed a two

story 17600 S.F. addition on axis with the vaulted skylight. The entry court yard is a multi-use transitional interior space with an exterior feeling. Bach Builders built the project in budget and on time.

This restaurant is located adjacent to the Nordstrom's store in JMB's marvelous expansion of its super successful Oakbrook shopping center. Neal Rosenfield, V.P. of construction and Doug Middleton, Corporate Architect for California Pizza Kitchen believe its one of their best looking stores.

IMPROV ENTERTAINMENT CENTER

Maggiano's Little Italy and Corner Bakery is Lettuce Entertain You's newest addition to River North. Walter combined business and pleasure during his annual trip

to Italy by gathering vintage photos of his mother's family from Offida, Italy. Rich Melman selected many of them to adorn the walls of Maggiano's. This great shot was featured on the invitation to the opening party.

We would like to announce the following additions to our firm:
