- SQ. FOOTAGE: 30,000 SF
- SEATS: 353
- CONTRACTOR: C.R. Crawford Construction

"Dave & Buster's Little Rock is the first built free-standing prototype of its size. It has special significance as the concept for the company originated here in the mid-1970s. The space introduces bold graphics and colors and features destinations for sports viewing, arcade gaming, and 100+ seat dining."

- LOCATION: Bexley, OH
- SQ. FOOTAGE: 2,000 SF
- SEATS: 156
- CONTRACTOR: Continental Building Systems

"This loft-inspired space focuses on hand crafted design details. It features locally sourced, sage green painted antique radiators. The space is enlivened by two, ten foot long, live edge, black walnut communal tables with a resin infill and a raw steel frame."

- Egle Bankauskaite  
Interior Designer

- LOCATION: Washington, D.C.
- SQ. FOOTAGE: 4,310 SF
- SEATS: 138
- CONTRACTOR: Potomac Construction Services, Inc.

"The design intention at Nando's H Street was to keep the character of the building as close to the original as possible while introducing elements drawn from South African culture. Bold patterns, use of inexpensive, reclaimed items and the main two-story lighting sculpture were used as unexpected design and display features."
